Referral to Application for Residence Permit

After the registration process, International Students are required to apply for a student residence permit, which they are required to obtain during their education, by visiting <https://e-ikamet.goc.gov.tr> on the corporate website of the Directorate of Migration Management, and such applications must be made within the validity of their visa or visa exemption documents, residence permits or residence permit substitute documents issued for different purposes, if any. It will not be possible for them to continue their education otherwise.

Turkish Language Course

Students enrolled in a university program without Turkish language proficiency must receive education from Turkish language courses and/or language centers as preparatory students in order to continue their education. They must submit a certificate verifying their successful completion of the above-mentioned education in order to be eligible for further education.

Health Insurance

In accordance with Law No. 5510 on Social Insurance and General Health Insurance, international students are required to have general health insurance during enrollment.

- I have been informed about the issues mentioned above.
